The next part is question and answer.

Heather, Ricardo and Shelby please come to the front for question and answer. Basically just say why you want it and what makes you qualified for the position.

Ricardo-Well I am a first year this year so I don't really have much experience both I am on the service committee at the service house so I help plan service events. We try and keep up the service and are active on the weekends. I plan to do more stuff next semester; we will see how it goes. I did stuff in high school but that is kinda irrelevant. YAAAAAYyy

Heather-I would like to be VP because I want RHA to have more members throughout the year. I plan on living on Mary Hay next year. I took less hours next semester so I can put more time into organizations for next year

Shelby-I am a sophomore, I wasn't involved my first year. I fell into the Shuttles Pres position and I have really enjoyed it. I have attended conferences and I would like to have exec attend some of our events and have people see what is going on. I hear about a lot of cool things I am really excited to see your events.

All of the candidates left the room.

PRO-CON

Elizabeth-I type really fast, and I am willing to dedicate the time.

Jake-How many words per minutes
120 words per minutes.

NCC

Eric-I would like to be the spokes person for SMU, I don't think we have the reputation that we want with other schools. We constantly have to work on that stereotype and get involved and work on that stereotype. Get Ideas from other schools, and pass along ideas. I think I am prepared to hit the ground running. Let you other schools know that I we are here.

Heather-This sounds like a lot of fun and I thought about it.

Shelby-I have been to one of the conferences...it is really hard to be really excited when you are around a lot of other schools with so much excitement. I helped plan for some of the conferences. I have been on one and I am going on another.

Ebonii: The last thing to vote for is president. I have done the president thing before I have been to three different undergraduate schools. I have a huge vision for RHA. I have a vision to grow and keep RHA. The RHA's at all the other schools have RHAs that are on fire. If you see the other schools like at conferences.
